

PeaceWorks

PeaceWorks is a non-governmental organization that acts in the name of peace. Here, we let the youth lay the foundation for future generations to come.

David Asplund has contributed, mainly with his work in Ho Chi Minh City, Vietnam, in fall of 2012 and spring of 2013. As he worked with increasing self-esteem for the children at; Ky Quang Pagoda and District 8 Boy shelter.

After leading and coordination international volunteers in Vietnam he was summoned back to Stockholm, Sweden as a key-note speaker for the newly arrived volunteers, among them, participants from Taiwan, Uganda, Kenya and Mexico. Where he has shown great presentation skills when he was motivating and inspiring the youth to take initiatives that is beneficial for their personal vision.

We are very happy to have had David with us; he made us open up ourselves to each other on a deeper level. Making it very easy to communicate and understanding what drives us.

We wish him the best of luck with his upcoming work in The United States of America.

Sincerely

PeaceWorks
