To Whom it May Concern,

Assembly of Autonomous Province of Vojvodina was a host region for the Assembly of European Regions (www.aer.eu) **Summer Academy** in 2014. We hosted over 100 young people from all over Europe, as well as over 60 regional politicians from entire Europe. In seven days, during the AER Summer Academy our main goal was to establish dialog between young people and politician from different regions on the topic of multiculturalism, multi-ethnicity and multi-linguism.

David Asplund represented Vasternorrland County from Sundsvall, Sweden. He took active part in debates, showing incredible insight into multicultural societies and their role in forming young minds, acceptance of being different and combining two cultures in one society. David also organized young people after official lectures, during the free time, showing them how to be kind and accept their differences.

Assembly of AP of Vojvodina is a member of AER – Assembly of European Regions. Vision of AER is: "The Assembly of European Regions works for a peaceful and prosperous Europe. Our political assembly believes that regions are the optimal institutional actors to build bridges between European/National leaders and the citizens. This link offered by Regions reinforces trust and ensures the flow of ideas enabling peace and prosperity to spread on our continent of European Region works"

After spending short time with David, we believe that he has strong beliefs, good communication skills, and great team spirit.

Kind regards,

Ana Tomanova Makanova
